

DOMESTIC PROBLEMS ARE DISCUSSED IN MANY CONFERENCES

The Coal Situation, Packer Control and Naval Program Were Among the Subjects—
Victor F. Lawson Was Among the Callers
and Took Lunch at the Harding Home

(By The Associated Press)
MARION, O., Dec. 29.—A wide variety of subjects including the coal situation, packer control and the naval building program were talked over by President-Elect Harding today in a dozen conferences which kept him busy from early morning until late at night.

The coal production problem was presented to him by Daniel B. Wentz, of Philadelphia, president of the National Coal Association, who furnished detailed information about the present rate of production and the outlook for the coming year.

Mr. Harding asked many questions on the subject, but it was not indicated what attitude he took regarding government regulation of the industry. Mr. Wentz was accompanied by Fred Upham, of Chicago, a prominent coal man who is treasurer of the Republican National committee.

Talks of Naval Construction
On the subject of naval construction the president-elect sought information from Representative Kelly of Michigan, chairman of the house sub-committee which handles naval appropriations. Means of cutting down expenditures without crippling national defense were discussed at length. Mr. Kelly suggested that while the present building program was being completed, an international agreement might be perfected for limitation of armaments.

He also urged that the naval reserve plan be perfected as an effective guarantee of sufficient naval personnel. A committee from Chicago headed by S. B. Stafford, president of the Chicago livestock exchange took up with Mr. Harding the question of government regulation of the livestock industry and presented a plea that during the next four years the business should not be harassed unduly by legal restrictions.

With Mr. Stafford were Everett Brown, president of the National Livestock Exchange and Kay Wood, chairman of the organization's legislative committee. All the members of the delegation expressed confidence that the president-elect would inaugurate a policy to reassure the trade and stabilize markets.

Discusses Domestic Problems
Another caller was Victor F. Lawson, publisher of the Chicago Daily News, who said his conference concerned various domestic problems. Charles P. Warren of Detroit, former Republican National committee chairman for Michigan, also called to see the president-elect and had luncheon at the Harding home.

PULLMAN EMPLOYEES WILLING TO ACCEPT WAGE REDUCTION

Their Committee So Notifies Company Officials

MEN HAVE VOICE
IN AFFAIRS

(By The Associated Press)
CHICAGO, Dec. 29.—Representatives of the 9,000 persons employed by the Pullman company in its car shops at Pullman, Ill., have notified officials of the company that they are willing to submit to wage reductions ranging as high as 20 per cent if the company feels that present business conditions make lower wages necessary. It was said tonight by company officials. The proposition will not be acted upon until after the first of the year however.

The company was given no intimation of the proposal to be made by the men until a committee called them with it. It was said by one official and there had been no discussion of a reduction of wages prior to the action taken by the men.

Officials said wages in the Pullman shops had increased 100 per cent in the last three years, the average now being \$6.77 a day. Last June the company established an "industrial democracy" in which the men were given an equal voice with their employers in affairs which affected them and the proposal to reduce wages is one result of this plan, it was said at the company's headquarters.

If the wages are reduced a committee composed equally of employers and employees' representatives will arrange the new scale.

ANOTHER MEMBER OF SAN FRANCISCO GANG IS CONVICTED

Jury Reached Their Verdict in Twelve Minutes

CHARGED WITH
ATTACKING GIRL

(By The Associated Press)
SAN FRANCISCO, Dec. 29.—James Carey, member of a San Francisco criminal gang, was convicted in the superior court here today on a charge of attacking Miss Jessie Montgomery of Reno, Nev., being the third member of the gang to be convicted in connection with this attack. The jury was out twelve minutes.

Carey drove the automobile in which on the night of Nov. 24, Miss Montgomery, her friend, Miss Jean Stanley, formerly of Portland, Oregon, and a group of men were taken from a cafe to a house in the mission district where the attack took place. Both girls testified that they were struck down by the gangsters and subjected to indignities.

The activities of the gang here led up to the killing in Santa Rosa, near here of three peace officers who were rounding up the gangsters, and the lynching of their accused murderers. The name of George Boyd, one of these suspected murderers was brought into the trials as one of those present when the girls were attacked.

REVENUE BUREAU MAKES NEW RULING

Wholesale Liquor Dealers Forbidden to Deal in Industrial Alcohol—Permits Will Not be Issued Them

(By The Associated Press)
Washington, Dec. 29.—Wholesale liquor dealers are forbidden to deal in industrial alcohol in both industrial alcohol and intoxicating liquor under a new prohibition regulation issued today by the bureau of internal revenue.

Under the bureau's regulation wholesale liquor dealers now holding permits to deal in industrial alcohol exclusively and other various forms of alcohol are forbidden to deal in such alcohol may receive ninety day permits to purchase tax paid industrial alcohol in stamped containers but such permits will not be issued to persons licensed to deal in intoxicating liquors in quantities.

Industrial alcohol is defined by the bureau's regulations as the various forms of ethyl alcohol having a proof of 160 degrees or more and does not include substances commonly known as whisky, brandy, rum or gin.

AMERICAN TENNIS PLAYERS WIN MATCHES

Auckland, New Zealand, Dec. 30.—America took a commanding lead in the Davis cup lawn tennis championship tournament here today when William T. Tilden II defeated Norman E. Brookes, 6-4, 6-4, and William M. Johnston defeated Gerald L. Patterson in straight sets 6-3, 6-1, and 6-1.

William T. Tilden II, Conn., Dec. 29.—Notices were posted in the local mills of the American Thread Company today announcing a reduction in wages 22 1/2 per cent effective next Monday. The cut will affect 8,000 persons.

Will Ask \$20,000,000 For Distributive Fund

SPRINGFIELD, Ill. Dec. 29.—Action taken today by the preliminary committees of the State Teachers' association indicates that the educational body tomorrow will petition the legislature to increase Illinois' educational distributive fund from the current \$6,000,000 biennial figure to \$20,000,000.

The state association of county superintendents and the association of Illinois school boards as well as individual experts on taxation and school finance among the members of the association agreed today that this amount is the minimum upon which the public education in Illinois can be efficiently operated.

A. B. Wright, assistant superintendent of schools of Chicago brought cheers of approval from the county superintendents when he gave figures to prove that on the basis of wealth, Illinois, to be abreast of a dozen more progressive states should give \$22,500,000 for education.

New York this year, he said, has increased her state distributive fund from \$12,000,000 to \$22,500,000. Ohio from \$3,125,000 to \$28,000,000. Pennsylvania within twelve months will have changed from an expenditure of

\$7,500,000 to \$57,000,000 and California from \$6,500,000 to \$29,000,000.

"All we are asking of the Illinois legislature is the bare necessity," Mr. Wright continued. "Of the 48 states, six contribute nothing to education, and of the remaining 42 the average state spends 15 percent of its total revenue on schools. Illinois spends less than seven percent. If it was up to the average it would spend \$13,500,000. This is far too low. Illinois is the 24th on the list."

"Foreign born children are pouring into Illinois at such a rate that now one person out of every five was born under a foreign flag. Of the 1,723,847 persons of foreign birth in the state, 940,420 live outside Chicago. Discontent can be lessened by increasing education can be increased efficiently only by giving the schools more revenue. Illinois is studded with school districts too poor to run decent institutions. The people are taxed to the limit, yet schools cannot get enough money."

FRANKLIN COUNTY GIRL WINS STATE SPELLING CONTEST

Velma Rhodes Spells Three Hundred and Forty Words

WINNER RECEIVES GOLD MEDAL

(By The Associated Press)
SPRINGFIELD, Ill. Dec. 29.—Velma Rhodes, 15 years old girl of Benton, Franklin county spelled 340 words correctly today and won the annual state spelling contest here from 43 contestants.

Dallas Hill, 13 years old lad of Bement, Piatt county, spelled "tomahawk" with two "o's" in the final twenty words but won second place and Grace Farlow, 13, of Mount Vernon, Jefferson county misspelled "assassinate" and "sassafras" and won third prize.

The contest which is held annually in connection with the Illinois State Teachers' convention started at 11 o'clock this morning and it was not until after six o'clock this evening that all contestants except Miss Rhodes were eliminated. Elmer W. Cavins, teacher of orthography at the state normal school gave out the words. Nineteen students spelled the first hundred words correctly and eleven the second hundred. Seven were eliminated when an additional twenty words were given out and on the final twenty words Master Hill and Miss Farlow were eliminated.

Clark Gehlb, of Clark county misspelled "niche" as "nich." Edith Lester, of Fulton county was sixth failing to spell "gizzard" correctly. She spelled it with only one "z." Some of the words most frequently misspelled were:

Archipelago, peritriton, pantomime, pleurisy, cotyledon, chorophyll, claymore, abhorrence, ruminant, plebeian, proteids, systole, caldron, callope, quixotic, renaisance, sagary and gazetteer.

Miss Rhodes, a pretty little miss with golden hair made a very appropriate talk before the members of the teachers' convention to-night when she was presented with a gold medal for winning the contest.

AUTHORIZES FUND FOR IRISH FAMINE

(By The Associated Press)
BOSTON, Dec. 29.—A fund in aid of starving Irish famine and relief was authorized by Cardinal O'Connell today. His action was in response to the appeal by Bishop McCrovy of Down, who cabled that the coming winter threatens thousands of his people with starvation, that ten thousand Belfast workers are out of employment and that the government's customary allowance "has for some reason" worked up to the present that these Catholic victimized workers are excluded from benefits.

The bishop added: "Fully 50,000 Catholics now are on the verge of starvation in my diocese."

NAVAL CHANGES ARE ANNOUNCED

WASHINGTON, Dec. 29.—Rear Admiral Niblack has been ordered to assume command of American naval forces in European waters succeeding Vice-Admiral Huse, it was announced today.

Vice-Admiral Huse will revert to his permanent rank of rear-admiral and shortly after his arrival in this country will relieve Rear-Admiral James H. Glennon as commandant of the third naval district with headquarters at New York. Admiral Glennon will soon retire.

INDICTMENTS RETURNED BY GOVERNMENT

Add Their Efforts to Those of the State of New York

MAINTAINED
CLEARING HOUSES

(By The Associated Press)
NEW YORK, Dec. 29.—The federal government added its legal fail to the whips of New York state's "trust smashing" organization today by returning indictments charging violation of the Sherman anti-trust act against four sand concerns and eleven individuals recently investigated by the joint legislative committee sitting here. These indictments, the first of a federal nature to be returned in connection with the "building trust" inquiry, accumulated upon more than 120 indictments returned by a trio of grand juries cooperating with the legislative investigation. The defendants will appear for pleading tomorrow.

Meanwhile the committee before an audience of business men that packed the chamber uncovered some of the most extensive cooperative organizations of manufacturers and contractors which daily inquiry over ten weeks has brought forth. It was shown that hundreds of firms in all lines of trade thruout the country exchange, thru clearing houses the names of prospective buyers, their bids and signed contracts and also daily reports of stocks on hand and shipments.

These practices carried on under programs advocated by the late Arthur Jerome Eddy and his economic disciples were characterized by Samuel Untermyer, the committee counsel as "team work to fleece the people."

A Chicago attorney William J. Matthews, acting as counsel for a group of several of these societies admitted in testifying today that he was employed to steer the concerns banded together under his direction "within the anti-trust laws."

SELF STYLED KING OF HEAVEN IS UNDER ARREST

Denver Man is Charged With Confidence Game

FLEECE MEMBER OF HIS FLOCK

(By The Associated Press)
DENVER, Colo., Dec. 29.—Joshua Sykes, self styled king of heaven and earth and leader of the sect of the House of David, was arrested today on a charge of operating a confidence game.

The warrant charges that he defrauded Ernest Lampert, a former member of his flock out of \$150 by prophesying the end of the earth.

Lampert was persuaded, the information alleges that he would have no further use for his worldly goods, and he gave his last dollar to Sykes.

The information also mentioned the name of Anna Spichiger, who it is alleged, was fleeced out of \$1,000 in California a year ago by the same means.

BLOOMINGTON MAN IS RECOMMENDED

McLean County Farm Bureau Will Ask to Have Eugene Funk Named as Secretary of Agriculture—Is Real Dirt Farmer

(By The Associated Press)
Bloomington, Ill. Dec. 29.—The McLean county farm bureau at a meeting today passed resolutions calling on President-Elect Harding to appoint Eugene D. Funk of this county as secretary of agriculture. His selection was urged on the ground of his long practical farm experience, for his previous services with the government in the middle west, where the food production of the nation is at its highest point of development and because of his understanding of transportation problems as well as those of agriculture.

Mr. Funk is a cousin of Frank H. Funk, member of the Illinois Public Utilities commission. He personally manages a farm of 2,000 acres, in the richest corn belt of the state. He is also an extensive stock raiser and scientific breeder of corn. He served during the war as a member of the wheat price fixing committee and agricultural advisor of the food administration.

Marshall Field III
TAKES UP BANKING
Chicago, Dec. 29.—Marshall Field III, announced today that he had decided to take up investment banking as his life business and had formed a partnership with a Chicago investment banking firm. Mr. Field, who was the principal heir to the estate of his grandfather, Marshall Field, which made him one of the wealthiest young men in the world, will continue his association with the various New York and Chicago interests left by his grandfather. His personal business however, would be investment banking, he said.

REPUBLICANS USE PRUNING KNIFE ON SUNDRY CIVIL BILL

Slash \$420,914,192 from Estimates Submitted by the Government Departments—
Postoffice Bill Also Cut—Democrats Say it Adds \$17,000,000 to Cost for Next Year

(By The Associated Press)
WASHINGTON, Dec. 29.—Two of the fifteen bills carrying appropriations to run the government during the year beginning next July 1, reached the house today and were given more than the usual preliminary scrutiny because of the announced intention of Republican leaders to cut government expenditures. The sundry civil bill, which contains the miscellaneous appropriations as reported carries a total of \$383,611,292. This total represents a slashing of \$420,914,192 from the estimates submitted by the government departments, and a reduction of \$52,237,514 from the amounts appropriated thru the same bill last year.

The cut in estimates for the postoffice bill the other appropriations measure submitted however, was not so great and the expenditure recommended represents a considerable increase over this year's appropriation.

The measure as reported carried \$573,964,721 a deduction of \$11,442,181 from the amount asked by the postoffice department but an increase of \$69,530,021 over the appropriation for the current year.

Used Pruning Knife.
Democratic leaders were prompt to point out that the sum total carried by both bills, if passed as submitted by the appropriations committee would add about \$17,000,000 to the cost of running the government next year. Republican leaders were equally prompt in declaring that there was abundant ground for gratification on their part, inasmuch as they had used the pruning knife on estimates of department heads without mercy.

Outside of the \$23,000,000 provided for the care of the disabled service men and dependents of those killed, the sundry civil measure left only \$60,611,292 for all other purposes, as compared with \$126,000,000 the amount appropriated for 1916.

The committee reported that the increase in the postoffice appropriation was due principally to the \$10,000,000 increase in the pay of city letter carriers; the \$36,000,000 increase allowed the railroads for mail transportation and the \$12,500,000 increase in pay of clerks and employees.

Principal Increases.
The principal increases are compensation to postmasters, \$2,000,000; compensation to assistant postmasters \$1,327,875; to clerks and employees of first and second class offices \$12,500,000; to watchmen and messengers, \$1,239,375; to third class officers \$800,000; to city letter carriers \$10,000,000; for wagon and automobile service \$4,750,000; railroads \$26,113,178; railway mail service \$7,890,725; transportation of foreign mails \$1,200,000; manufactured stamped envelopes, \$3,418,000; rural letter carriers \$8,800,000; inland transportation routes \$1,000,000.

The principal reductions reported, as compared to the appropriations for the last fiscal year were:

Temporary and auxiliary clerk \$6,000,000; rent, light and fuel of first, second and third class postoffices \$500,000; travel allowance for railway mail clerks \$89,931; airplane mail service \$2,250,000; electric car service \$157,000; mail bags \$1,350,000.

The postmaster general and his assistants each lost the usual \$1,000 allowance for traveling expenses. The expenses of the postmaster general's office, however, were increased \$48,475. The office allowances of the first, second, third and fourth assistants were reduced by approximately \$11,000,000.

ARIZONA SENATOR INVADES WHITE HOUSE FOR INFORMATION

Got But Little, However, at Executive Mansion

POLICEMEN ARE BEWILDERED

(By The Associated Press)
WASHINGTON, Dec. 29.—Puzzled by his constituents for information as to the fate of the nine assessment bill sent by congress to the president, Dec. 21, Senator Ashurst, Democrat, of Arizona, today spent several hours trailing the measure thru the executive offices, the interior department and even the white house itself and found out nothing beyond the fact that the president had not yet signed the bill.

The senator from Arizona, bent on his mission of obtaining information walked into the white house executive offices shortly after 1 o'clock and found Secretary Tumulty absent. Being told that the bill he was seeking information was with the president and having pressed white house attaches vainly to announce to the president his desire for a conference, Senator Ashurst walked directly up to the path leading to the residential section of the white house declaring that "as an American citizen and a United States senator," he proposed to obtain information.

Is Met By Attendant.
At the white house door, the senator was met by an attendant who had led him to a seat within and went to seek Mrs. Wilson. The president had just finished his luncheon and had retired to his study on the second floor. Mrs. Wilson directed the white house attendant to tell the senator that he would have to take up his business first with Secretary Tumulty, as the bill had not been received by the president, whereupon Senator Ashurst started in a new hunt for the bill.

Secretary Tumulty after dinner arrived at the executive offices about nine o'clock tonight and within half an hour Senator Ashurst stopped in. It was then that the Arizona senator was informed that no action had as yet been taken by the president on the bill. Explanation was made at the executive offices during one of the intervals between the Arizona senator's visits that the president had until midnight January 4th, to sign or veto the bill which would extend for six months the provisions of the law requiring \$100 worth of work on mining claims before midnight Dec. 31.

White House policemen bewildered by the unconventional entrance of Senator Ashurst into the white house tonight, sought information tonight from headquarters as to how far their jurisdiction extended over a United States senator or whether the constitutional immunity of a member of congress from arrest would protect a senator from being forcibly refused admission to the residence of the president of the United States.

INDIANA BANK ROBBERS CAPTURED

CULVER, Ind., Dec. 29.—Five men who held up and robbed the State Exchange Bank here today of approximately \$10,000 were captured following a running light in which two persons were severely wounded. The money was recovered.

Three of the bandits who did the actual robbing surrendered after their companions became frightened and sped away in an automobile.

A passing pedestrian saw the robbery and called for assistance. Jerome Zechel and J. R. Saine, both of Culver, were shot during the street fighting which followed.

The story of an offer of \$150,000 for just one article from the president's pen has a press agency sound.

Chicago Tribune advertising men held a conference recently and figured out that 1921 is going to be a busy, active, successful year for those who go after business with vigor. Boiled down, that's a right conservative statement, for generally speaking, business is good with those who give it strict attention and who work with earnestness and zeal.

It is said that the great producers of motion pictures have agreed upon a general policy for 1921 and that there will be a great lessening in the number of pictures produced as a result. The purpose seems to be to produce fewer films and better ones. That's a policy that the public for the most part will heartily approve. There is no denying that the excessive zeal for producing great numbers of pictures in the past year or two had the effect of lowering the worth of many of the productions. Of course this change of policy will throw many people now engaged in the motion picture industry out of employ-

ment but a lot of them belong in some other line of work anyhow. "Uncle Joe" Cannon is just rounding out his forty-fourth year of service in congress and so has broken the highest previous record in years of service. The Illinois statesman is eighty-five years of age and his influence and prestige has grown rather than diminished thru the years. It was quite the custom some years ago to malign Mr. Cannon but the country found out later that much of the criticism was undeserved and that as a rule he could be found thinking and acting sanely where the best interests of the country were involved.

Figures in another column tell the interesting story of the amount of business done thru a local telephone exchange in one day. The growth of the telephone since its invention only 40 years ago has been amazing. Today there are approximately 12,500,000 telephones in use in the United States and the messages carried total over twenty-two billions per year, or approximately 211 for each man, woman and child in the nation. There are nearly 30,000,000 miles of wire and this equipment cost the staggering total of two billions of dollars, about 700,000 individuals being owners of the securities.

EXPORTS OF AUTOMOBILES IN 1920
Exports of passenger automobiles from the United States for the year 1920 far surpass all records, says the National Bank of Commerce in New York, in the January number of its magazine, Commerce Monthly. In the first ten months 112,376 were sent abroad, as compared with 67,143 in 1919, the highest previous year, and 28,306 in the fiscal year ending June 30, 1914, the highest pre-war year.

the numbers sent to the United Kingdom and British India being especially noteworthy." It is pointed out. "These sales have not only benefited American industry but the widespread use of these cars will also facilitate the development of further trade in American automobiles, accessories and parts."
The largest exports were to the following countries: United Kingdom, 18,154 cars; British India, 10,848; Canada, 7,369; British South Africa, 5,510; Cuba, 5,286; New Zealand, 5,099; Brazil, 4,968; Sweden, 4,887; Dutch East Indies, 3,439; Argentina, 3,372; Uruguay, 3,287; Norway, 3,000.

WHAT TEN BILLION WOULD DO
The United States has loaned to the nations of Europe more than \$10,000,000,000 aside from the commercial loans made through private transactions. Those who advocate cancellation of the debt might do well to think for a moment what we can do with the money when we get it back—and consequently, what we may have to do without it if we fail to get it back. If we had no other use for it, ten billion dollars would build 400,000 miles of hard surfaced highway at a cost of \$25,000 per mile. That 400,000 miles of highway would be enough to run fifty highways across the country east and west and another fifty across the country north and south, with a snug sum of money left over to build some good bridges where needed.

Fifty highways across the country north and south and another fifty traversing the country east and west would put good transportation within the reach of everyone who has the price of a cheap automobile and would make the whole country more independent of the railroads in case of an emergency. Such a system of highways would produce domestic prosperity and happiness in time of peace and prove an invaluable aid in time of war. Moreover, the construction of these 400,000 miles of highway would provide useful and profitable employment for thousands of men in time of slack industry, aid in supporting families, keep down the evils incident to idleness, and build up new agricultural communities because of the establishment of better transportation facilities.

The more we think of what that \$10,000,000,000 of ours will do when we get it back, the less we think of those who favor cancelling the debt.

LEAVING WHITE HALL FOR CHICAGO
Rev. and Mrs. A. F. Ewert and children of White Hall are now at the home of Mr. and Mrs. W. R. Huckleby on West State street. Mr. Ewert last Sunday completed his period of service as pastor of the Presbyterian church in White Hall and is to immediately enter upon a larger work in Chicago. It will be remembered that Mr. Ewert decided to take the Chicago church only after insistent demand by the committee representing the membership here.

THE FIRST CALL came some months ago but Mr. Ewert did not consider it until he had finished up some church tasks that he had begun in White Hall. Mrs. Ewert and children are to remain here for several months.

PROBATE COURT.
In the estate of Mary Montgomery, letters of guardianship were issued to Robert Montgomery. Bond in the sum of \$600.
In the estate of Elizabeth Nichols, the will was admitted to probate and testamentary order to issue to the Farmers State Bank & Trust Co.
In the estate of Thomas Rudkin, the final report was filed by Robert T. Cassell as executor.

In the state of Mary Cruse, the inventory was approved and the petition to omit appraisal was allowed. W. T. Cruse is the administrator.

In the estate of Henry Kunze, the widow's relinquishment and selection were approved.

The final report of Julia D. Saunders as administratrix of the estate of C. Saunders was filed and approved.

FIRST AUTO LICENSE NUMBERS RECEIVED
Felix F. Farrell has automobile license plates No. 178 and 179 because of his application made weeks ago. The rule of the secretary of state's office is that the car owners who make application prior to Dec. 15 can have the privilege of duplicating their 1920 license number.
This same rule has been in effect for a number of years and Mr. Farrell has had the number 178 for as many years as automobiles have been licensed in Illinois. It is a matter of convenience and utility to retain the same license number from year to year and that is the reason Mr. Farrell follows his custom of early application so consistently.

KEEP ON THE WALKS
Members of the city park board today called attention to the fact that as much harm is done the grass in central park by "cutting across" it while the snow is on, as when there is no snow. There is an ordinance prohibiting trespassing on the grass areas of the park, and the park board will see that this is enforced. They state that the public use is careful about getting off the sidewalks in the park, but that there are exceptions, and for that reason they authorized this reminder.

LIBERTY.
Said Madam Roland, sadly, as to her doom she walked, "Oh, Liberty, how madly thy promises are mocked! What crimes and misdemeanors are sprung in freedom's name!" And then the guillotiners suppressed the noble dame. And still that name is spoken, by tyrants, as of yore, to peoples crushed and broken, and wallowing in gore. And Russia's crazy masters are talking Liberty, and say, amid disasters, they'll make the whole world free. The freedom they're dis-bursing has shown itself a snide; it sets the freed ones cursing wherever it's been tried. "True Liberty," shrieks Trotsky, "is what we have in mind!" The nickel-in-the-slot and wreck-the-country kind. And while this Trotsky rages for Russia's king, and he it will take her ages to get back to her own. And here's the thing that beats me: In this fair land, gadzooks, where purest freedom greets me, where ever I may look, there are some crazy duffers who boast that Trotsky skate, watch Russia as she suffers, and say he made her great! I wonder what's their notion in staying here so long, when they could cross the ocean and join that happy throng?

TWO WEDDINGS IN WHITE HALL WEDNESDAY
White Hall, Dec. 29.—Two weddings took place in White Hall today. The first was that of Fred Meyers and Miss Gertrude Ralston, which took place at 1:30 at the home of the bride's parents, Mr. and Mrs. Hayden Ralston, on Hubbs avenue. The groom is in the train service on the C. & A. out of Roodhouse, and that city will be their home. The bride until recently was employed as stenographer at the Evans garage.

The second wedding took place at 2 o'clock at the Methodist parsonage, the ceremony being performed by the pastor, Rev. J. O. Kirkpatrick, and the principals were Perry C. Griffin and Miss Edna Beebe. The groom came here to spend the Christmas holidays with his cousin, Mrs. Lillian Grant, and the wedding culminated. He is head barber in the Savoy Hotel at Kansas City, and that city will be their home. The bride is the daughter of Mrs. Mary Beebe of Wrights, formerly of White Hall. They left on the afternoon Burlington for a short visit in St. Louis.

Funerals

BLUFFS YOUNG WOMAN
WEDS IN MT. STERLING

Miss Eula Frohwitter is Bride of Guy Frisby of Chambersburg—Other News Notes of Interest From Bluffs.
Bluffs, Dec. 29.—Miss Eula Frohwitter daughter of Benjamin Frohwitter and Guy Frisby of Chambersburg surprised their friends by quietly slipping away to Mt. Sterling where they united in marriage Dec. 24. They left immediately for Chambersburg for a few days visit.
They will reside on a farm near Chambersburg.

Henry Oakes, who has been critically ill for some weeks has suffered a relapse with little hope of recovery.
Irene, the five year old daughter of Mr. and Mrs. John Schussler, was taken to a hospital in Jacksonville Wednesday where she will undergo an operation for appendicitis.
Hiram Sears, farmer south of town, suffered a paralytic stroke Wednesday and is critically ill.
Mrs. Charles Ward and daughter, Misses Laverne and Mary Isabelle Ward arrived Wednesday evening from Kansas City to visit Mrs. E. D. Beird and family. They were en route to their home in Shelbyville.

Deaths
Downs.
Frank D. Downs died at his home, 861 Goltra avenue at 9:30 o'clock Wednesday morning. He had been suffering from an abscess in his head which burst and blood poisoning resulted which caused death.

Deceased was the son of John and Eleanor Downs and was born in Schuyler county, October 21, 1884. He was united in marriage eleven years ago to Miss Lella May Stout.

Besides his widow he is survived by one son, his parents, three sisters and one brother, Mrs. James Westrope, Mrs. Louis Frasier, Jacksonville, Mrs. Eben Crum, Virginia and C. L. Downs, Bloomington.

The remains were removed to the undertaking parlors of Williamson and Son and prepared for burial. Funeral services will be held from the residence Friday morning at 10:30 o'clock. Interment will be in Jacksonville cemetery.

OBITUARY.
W. S. Evans, son of Rev. and Mrs. T. G. Evans of Dunnville, Ky., was born at Dunnville, Ky., Nov. 18, 1883 and died Dec. 24, 1920 at his home 744 Allen avenue, aged 37 years, 1 month and 6 days. He leaves to mourn his death his wife and stepdaughter, Irene. One daughter, Dorothy Mae, preceded him in death nine months ago. He also leaves his aged father and mother, one sister, all of Dunnville, Ky. and a host of friends and relatives.

ARENZVILLE MAN
DIED VERY SUDDENLY

W. L. McCarty Passed Wednesday Evening as a Result of Heart Disease.
Arenzville, Dec. 29.—W. L. McCarty, a well known resident of this city, died very suddenly at 6:30 o'clock tonight. Mr. McCarty had eaten a hearty supper and as he left the table started to play with one of the children of the household. A moment later he sank to the floor and death quickly ensued as the result of heart disease.
The deceased had been proprietor of a drug store here for many years and was widely known in Arenzville and vicinity. He is survived by his wife and a number of grown children.
The arrangements for the funeral have not yet been completed.

EVANGELISTIC SERVICES
BEGIN AT NORTHMINSTER
The special series of evangelistic meetings began at Northminster church last night. Dr. Walter E. Spoons, pastor of the church, is conducting these services and is being assisted by J. Wade Smith, song evangelist.

Last night Dr. Spoons had for his theme "A Boat with Two Oars" and his sermon made a strong appeal to the large company present. There was a special service of song and afterward came a social hour. In accordance with the plan previously made, there were two New Year's trees and gifts of minor value were distributed. Previously names of those to receive the gifts had been listed. When the names were called and the gifts delivered there was a great deal of ensuing merriment. Refreshments were served and the social features added to the success of this first of the series of services.

ANNUAL ROLL CALL
AT BAPTIST CHURCH
The annual roll call of the First Baptist church will take place Friday evening, Dec. 31, a very interesting program having been arranged. There will be musical numbers and short talks will be given by laymen. In past years the roll call, with each member responding with a favorite passage of Scripture, has proved a very interesting feature of the program. The ladies of the church are planning to serve refreshments.

The custom of other years will also be followed of extending greetings and good wishes to the different churches holding similar services. Members of the church and congregation, together with friends are invited, and a large attendance is expected.

CROUP

The quick grasping cough of croup is something that every mother dreads. It comes in the dead of night when medical assistance is hard to obtain. That is why Glessco has been a household article in millions of homes for forty years. It gives immediate relief. In fact Glessco is the only preparation which can give relief from croup in fifteen minutes without vomiting.

Careful mothers everywhere depend on Glessco. It does not upset the delicate child's stomach, and carries the offending substances right out of the system.

All druggists sell Glessco in 50c bottles. It is worth ten times as much in time of need.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you will write to me, Eugene M. Pullen, Carpenter, 517 G Marcel Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops, and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarse ness, croup, throat tickle, bronchitis, asthma or winter coughs.

To make this splendid cough syrup pour 2½ ounces of Pinex into a quart bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way you get a full pint—a fairly simple—of much better cough syrup than you could buy ready made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., 214 Columbia Bldg., Indianapolis, Ind.

that the winter of 1920-1921 would show a marked improvement in trained teachers. This has not been borne out. Schools of our state today are in bad shape insofar as prepared teachers are concerned, and worse insofar as overcrowding is involved. In industrial centers towns and small cities, conditions are not bettered and as the population increases and buildings are not erected, the strain becomes greater.

"The rush of rural populations to the cities has swelled the school attendance but not the school funds. The result being that schools all over the state are going on the rocks. Only in rich centers isolated from the rest and filled with much property and few children have adequate schools. Wherever there are many children there are woeful school conditions.

"Reports from school men made here today show that normal schools have only sixty percent of the attendance they had before the war. Salary increases made in various sections have not attracted the right people to the profession. I have never seen the school situation so serious as it

114 Eggs A Day Now. Instead Of 25 A Day

This Means About \$126 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung and am now getting 10 to 114 eggs a day."—Mrs. Essie B. Ropp, R. 2, Littleton, Ind.

This increase of 7 dozen a day in the middle of winter, at 60c a dozen makes \$126 extra income per month. Don Sung for her 200 hens cost about \$2.50. It paid her and we guarantee it will pay you. Give your hens Don Sung and water results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Burrell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

CHICAGO HAS FREIGHT SUBWAY

Is Used for Hauling Freight in Loop District—Prevents Congestion in Business Section.

CHICAGO. — (By The Associated Press) — Forty feet underground Chicago has one of the most unique subway systems in the world. Devoted entirely to the hauling of freight it keeps the congested loop district comparatively free of heavy traffic vehicles. Officials of the tunnel company estimate more than 6,000 trucks would have to pass thru loop streets daily to duplicate the work done by the subway.

Over 62 miles of narrow gauge track, 132 electric locomotives and 3,000 freight cars hauled 6,000,000 tons of merchandise and 230,000 tons of coal last year.

Scores of downtown office buildings and stores receive their freight directly from the railroad depots via the subway. Their coal comes by the same route, and at night the ashes are hauled away thru the underground tunnels, to be dumped on the lake front, where acres of land are reclaimed yearly. The ground on which the great new Field Museum, at the south end of Grant Park, is built, was a few years ago a part of the lake. The tunnel company filled it in with ash.

Another unusual service is the removal of dirt from building excavations. A shaft is sunk from the building site to the tunnel level under the street. Workmen with wheel barrows dump the dirt down the shaft, where it falls into cars of a waiting train to be hauled to the lake front disposal station.

For handling merchandise, coal and ashes, electric elevators lift the subway cars from the tunnel level to stores and office buildings, where they are emptied and refilled, and then lowered again to the tracks below.

Underlay Every Street.

The subway tracks underlay every street in the loop district, covering a district 22 blocks long and nine blocks wide, and in addition the network of tunnels extends north under the river to the warehouse and the railroad district along North Water street, and west of the south branch of the river for six blocks thru the railroad and factory district of the near west side.

Four main receiving stations outside of the loop gather incoming merchandise for delivery to downtown buildings, and distribute outgoing packages for truck hauls to other parts of the city.

Every railroad station but one has connections, and freight and express billed from one station to another is transferred by the subway. In addition every station but one has connections for sending mail to the post office. Special trains of steel mail cars carry the sacks thru the tunnel.

The freight cars used are four feet wide and twelve feet long, while the track has a two foot gauge. The merchandise cars have a capacity of six tons; ash and dirt cars hold three and one-half cubic yards; and the coal cars have a capacity of four tons. Approximately 2,000 shippers use the subway system.

The entire operation is electrical. A train dispatcher and telephones control the movement of the trains. At every outlet to a downtown building an employee is stationed to operate the lifting elevators, receive and dispatch cars, and act as agent for the company. The company employs more than 600 men.

One of the advantages of the tunnel particularly in the transportation of refrigerated and other perishable products is said

ANNUAL NATIONAL TRACK MEET PLANNED

Will Bring Together Every College and University in Intercollegiate Athletic Association.

(By The Associated Press)

CHICAGO, Dec. 29.—An annual national track meet in which every college and university in the National Intercollegiate Athletic association would have representatives and the formation of an Olympic association to take charge of, and interest itself in, the American Olympic committee were endorsed at the fifteenth annual meeting of the association today. The suggested track meet would bring together athletes from all over the country and would be in the nature of an annual American college Olympic. The resolution which was passed regarding an Olympic association would place in it the responsibility for electing a representative committee which would use every endeavor to gather together a team of America's best athletes.

Palmer E. Pierce, president of the association who presided declared that the war had caused widespread interest in boxing. He urged that some action be taken at this time to lend support to the establishment of boxing in college curricula. A national committee on arbitration of athletic disputes was authorized. Another committee was authorized to look into the expense of conducting a national track and field meet and in raising the money for the event so that the

burden will not fall on the big intercollegiate bodies.

New colleges admitted to membership in the association which covers the entire country were: Cornell, College of Iowa, Massachusetts Tech, Annapolis, Naval Academy, Centre College, Miami, DePaul and Coe. The Pacific Coast athletic conference also accepted to membership.

Mr. and Mrs. R. E. Henry left Tuesday for Hot Springs, Ark., to spend a number of weeks.

Henry Oakes remains in a very critical condition at his home in Bluffs.

ILLINOIS OPERATORS ANSWER MANY CALLS

Local Office Had Busy Day December 24 — Many People Ask for Information—Fifteen Call in Week Sma Hours.

According to the records of the operating room of the Illinois Telephone company, Friday, December 24 was a busy day for the telephone operators. The records show that 37,253 calls were answered.

Despite the fact that all subscribers are furnished with a directory the information operator answered 643 calls.

One operator answered 507 calls in one hour, while several were near the 500 mark.

Local and rural calls totaled 36,318, toll messages 276, while the chief operator received 16 calls. There were 134 outgoing messages and 113 incoming.

During the busy hours eight operators are working on the board, the number being reduced gradually as calls diminish.

The busiest hour shown by the report was between 9 and 10 a. m., when the operators put thru 3,552 calls. From 8 to 9 a. m., there were 3,033 calls, and from 1 to 2 p. m., 3,242 calls. The calls during the hours from 2 to 4 a. m., totaled fifteen, all from city subscribers.

The largest number of rural calls received during the day was 395, between 9 and 1 a. m.

By up-to-date equipment all calls received are registered by electrically operated instruments.

LITERBERRY MEN TO HAVE ANNUAL BANQUET

Men's Class of Baptist Sunday School to Serve Banquet on New Year's Night — Other Literberry News Notes.

Literberry, Dec. 29. — The men's class in the Baptist Sunday school, will serve their annual New Years banquet on Saturday night at the church basement dining room.

Ralph and Lenora Norman of Springfield, came down and spent Christmas with their relatives, W. W. Young's family.

Mr. and Mrs. Earl Rexroat of "The Maples" entertained friends at a swell dinner on Tuesday.

Christmas cheer was rampant in our town last Friday Saturday and Sunday and if there was a man, woman or child that did not receive a present of some kind, we have failed to hear of it.

Both churches gave delightful entertainments and trees whose limbs were bending with presents were the pride of the children on Friday and Saturday evenings.

The usual family dinners were served and everybody ate cranberries and turkey with all that goes with them.

Mrs. William Decker of West Capitol street, who has been quite sick for a couple of weeks, is reported some better.

Literberry Baptist people were very much disappointed on Sunday morning because there was no good sermon for them. Rev. Johnson has many friends in this vicinity who are sorry to hear of the illness of their pastor and hope for a speedy recovery.

NuBone Corsets

STYLE—COMFORT—ECONOMY

When you wear Nu-Bone Corsets you wear individual corsets made for you from measurements taken by a Nu-Bone Corsetiere.

The Nu-Bone Corset acts as a flexible mold to your figure.

Without noticeable or unpleasant restraint it exercises a gentle but constant urge toward perfection. Because they so thoroughly combine comfort with style, they may be worn for dress and work, thus serving a double purpose.

Nu-Bone Corsets are made-to-measure—Also kept in stock. Call, write or phone without obligation to your part for information or appointment.

Satisfaction Guaranteed.

Stewart MOTOR TRUCKS

Owners know these claims are true

The Stewart One-Ton Speed Truck has made good—100% good. Now owners know that what we said last January is so. It has quickly won its way to the front—the Stewart leader, and a profit-maker for owners. Business men and farmers favor it; buy it, work it hard, and praise it for its performance.

For this One-Ton Speed Truck it fast, sturdy and flexible; built light for speed and built strong for hard hauling; its first cost is low, and it keeps right on saving on tires, repairs, gasoline and oil. It is furnished with electric starter, electric lights, magneto ignition and five-inch cord tires.

Stewart Capacities:
¾, 1, 1 1/4, 2, 2 1/2 and 3 1/2 ton

The Season's Greetings

We like to feel that business means more than barter and sale—that it means enduring friendships growing as time goes on. And so at this Holiday Season we welcome the opportunity to express our appreciation for the friendly spirit you have shown us and to wish you great prosperity and success throughout the coming year.

Cordially Yours,

Hopper & Son

GIANT FIRE ENGINE WILL BE SHOWN HERE

One of the largest engines in the world for fire-fighting purposes will be on exhibition here Jan. 11, 12 and 13, during the annual convention of the Illinois Firemen's association, according to word received today by Fire Chief Samuel Hunt. The American La France company of Elmira, New York, will send a Type 25 pumper, which is about three times the size of the make of engines now in use by the local department.

It is probable that the big squirts will be demonstrated while here, as several representatives of the company will accompany it. The American La France company is not the only firm sending apparatus for exhibition.

The model which the American La France company has announced will be sent here has a capacity of 1,000 gallons of water per minute. This is "one team," considering the fact that the pumps now in use by the Jacksonville department have a capacity of 350 gallons per minute. The big steam engine here can do 750 gallons, or 250 less than the giant model motor pump.

The local committee in charge of plans for the firemen's gathering is very busy as the time of the convention is not far off. Between four and five hundred firemen and representatives of companies are expected.

REV. T. N. MARSH DIES AT HOME IN ALTON

Death Comes to Aged Baptist Minister. Father of Rev. T. H. Marsh, Formerly of Jacksonville, White Hall Couple to Wed—Other White Hall News.

White Hall, Dec. 29.—The death of Rev. Thomas N. Marsh at his home in Alton Monday removes one of the pioneer Baptist preachers of this section, the oldest in point of service in fact. He was nearing his eightieth anniversary and was born on a farm about seven miles northeast of White Hall, about one mile east of Patterson. On the fifth Sunday in July 1917, the fiftieth anniversary of his ministry was celebrated in the Baptist church at Patterson at one of the most notable affairs ever held in connection with the church there. He was universally known all over this section of the state, and for a great many years has been making his home at Alton, where he is survived by his wife and one step daughter.

A son, Rev. T. Harley Marsh, is pastor of the First Baptist church at Decatur, and held a pastorate at Jacksonville for a number of years. Two daughters are wives of Baptist ministers, Revs. Favorite of Fremont, Nebraska, and Rev. A. W. Judd of New Berlin, Illinois. The deceased was identified with the Apple Creek and Sandy Creek Baptist associations, and has done a vast amount of missionary and pastoral work under the direction of Rev. J. O. Raines of White Hall, executive of the Baptist Missionary Convention of Illinois, in these two associations. Rev. Marsh has served pastorates in most of the rural Baptist churches of west central Illinois, and no man is more widely beloved. Arrangements for the funeral have not been announced at this time.

The marriage of James Hogan and Miss Mildred Fair will take place in Jacksonville on New Year day. The bride-to-be is the daughter of Mrs. Thomas Fair of White Hall, and is quite well known through her connection with the exchange of the Illinois Telephone Co. here. It was arranged that the wedding take place at the home of her uncle, Rev. W. R. Johnson in Jacksonville, but his sudden illness with appendicitis and removal to a hospital has necessitated a change in this arrangement. The groom-to-be is a tailor in Jacksonville, and the couple will reside in that city.

Mrs. R. A. Hamilton entertained at her new home on East Bridgeport street Monday afternoon in honor of Mrs. A. E. Meisbach of St. Louis. Those present were Mrs. H. W. Galbally, Mrs. W. W. Evans, Mrs. Guy Lovens, Mrs. Ruth Evans. Greetings were received from Miss Nell LaRue, who is on her way to Chicago for the Fort Dearborn National day of Chicago. This was a reunion of members of the L. L. Y. C., which was a leading society club at high school girls several years ago.

A daughter, third child, has arrived at the home of Mr. and Mrs. Peter Roodhouse in Alton.

Rev. O. A. Carman left Monday to assist in a series of meetings in Bethel Baptist church, east of Medina.

The temperature Monday morning was the lowest of the present winter season, it registered two degrees below zero. The previous low mark is four above, recorded at the beginning of the present cold spell last Friday. The ground is blanketed with snow, this being one of the white Christmases since 1908, as follows: 1909-4.5 inches; 1913-0.3 inches; 1915-1.5 inches; 1918-1 inch; 1919-1 inch. Vastly has been cleared of snow at present time in a heavy shower.

Mrs. Isabel Ballou, age 79 years, fell from the bottom porch step at the home of her daughter Mrs. D. V. Winters, and has since been laid up in a braised condition. No bones were broken, however.

PROF. CLARK TO BE IN THE CITY AGAIN

Prof. S. H. Clark of the University of Chicago, who recently came here under the auspices of the Woman's club and whose reading of Dr. King's "The Story of the Negro" was so enthusiastically received by a large Jacksonville audience, is to be in the city again, April the first. The Illinois Woman's College is instrumental in bringing Prof. Clark this time and he is to read what he himself considers his best piece, "King Lear" in the afternoon. Prof. Clark's evening selection will be "Androcles and the Lion."

WORLD WAR VETERANS ARE GIVEN BANQUET

Given by National W. R. C. at Jacksonville State Hospital—Some Interesting Addresses Made.

Forty-eight world war veterans were tendered a banquet at Jacksonville State hospital Wednesday night. The banquet was given by the National Woman's Relief Corps and proved a most pleasant event for the veterans and a number of invited guests. In addition to the banquet the organization also presented the men with a phonograph.

The festivities opened with a sketch by the Harrison Musical Comedy company which is appearing at the Grand this week. The management generously donated the services of the company for the occasion and it is needless to say the act was greatly appreciated.

Following the musical turns the banquet was served. The menu consisted of turkey, sweet potatoes, mince pie, ice cream and other good things.

Mrs. Flo Jameson Miller, secretary of the Woman's National Relief Corps presided as toastmistress for the talks that followed and proved most capable. In her opening remarks, Mrs. Miller explained the object of the meeting and the work of the organization's carrying out.

Among the speakers were: Mrs. Inez Bender of Decatur, president of National W. R. C. A. L. Bowen, Springfield superintendent of Charities, L. Goheen, senior vice commander Matt Starr Post G. A. R. R. Y. Rowe, commander American Legion, W. T. Harmon, incoming commander of the Legion, Dr. E. L. Hill, superintendent State hospital, Miss Lulu C. Parks, executive secretary Morgan county chapter Red Cross, Mrs. Belle Hopper, W. R. C.

The veterans were greatly disappointed because William R. McCauley, state commander of the American Legion was unable to be present on account of illness.

Miss Nellie Self vocal instructor of the hospital had charge of the music for the evening.

PRETTY WEDDING AT HOME NEAR WOODSON

Miss Stella McCurley Becomes Bride of Samuel Dean of Murrayville at Ceremony Wednesday—Will Reside on Farm in Woodson Neighborhood.

The marriage of Samuel Dean of Murrayville and Miss Stella McCurley was solemnized at six o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. William McCurley, north of Woodson. The ceremony was performed by Dr. G. W. Miller, assisted by Rev. I. H. Fuller, and was witnessed by a large company of relatives and friends of the young people.

The bride and groom were attended by Mrs. Amos McCurley and Vertress Blimling. The wedding march was played by Mrs. Vertress Blimling, and the ceremony the simple was of a very impressive character. Following the ceremony a lap supper was served.

The bride is the daughter of Mr. and Mrs. William McCurley, and thus belongs to one of the well known Morgan county families. She is a member of the Woodson Christian church and has been active in various departments of the church work. Mr. Dean is a farmer by occupation and is well and favorably known in Murrayville precinct, where he has made his home the greater part of his life.

Mr. and Mrs. Dean will reside with the bride's parents until March 1, when they will begin housekeeping on the McFall farm east of Woodson. They have the best wishes of a wide circle of friends.

Among those present at the wedding were Mrs. McFall, of Jacksonville, grandmother of the bride; Mr. and Mrs. Vertress Blimling, Mr. and Mrs. Frank McCurley, Mr. and Mrs. Amos McCurley, Mrs. Lou Henry, Charles Dean and family, all of Murrayville; Rev. and Mrs. I. H. Fuller of Woodson.

NEW PROBATE DOCKET

At the beginning of January a new docket will be used by Judge Samuel in the probate court. A loose leaf system will be installed, books for the purpose having just been received in the office of County Clerk Riggs. By the system being installed an entire page of the docket will be devoted to each estate. All matters relating to such an estate will appear on this page and the record will be much easier of access than they have been under the old system. There are several other advantages for the loose leaf docket and probate courts in a number of counties are installing them.

FUNERAL RITES FOR C. S. RANNELLS HELD

Large Company Attended Services Held Wednesday—Interment at Diamond Grove.

Funeral services for the late Charles S. Rannels were held Wednesday afternoon at the Reynolds mortuary, where a large company of friends of the deceased gathered. Rev. Thomas W. Smith, pastor of Westminster church, and for years a friend of Mr. Rannels, had charge of the simple service. Rev. Mr. Smith read passages of Scripture and then offered a fervent prayer. He said that he could not omit saying just a personal word or two about Mr. Rannels, as a man he had grown to greatly admire. He referred to Mr. Rannels' generosity and loyalty, to which characteristics so many people in Morgan county can bear witness.

The minister mentioned especially a conversation he had with Mr. Rannels within the last year when the latter talked freely of his belief in Christianity and of his realization that it is the essential and important thing in life.

Mr. Smith also made reference to a talk Mr. Rannels made to Illinois College students a few months ago, when he dwelt upon the value of Christian education and the large place that the Christian college holds in this country. Members of the Elks lodge attended in a body as Mr. Rannels was the second Exalted Ruler to serve the local lodge.

There were many beautiful flowers to attest the esteem of friends and these were cared for by Mrs. W. L. Alexander, Mrs. Lottie Greenleaf, Mr. and Mrs. Edward Vickery, Jr., and Lloyd W. Brown. The bearers were: Isaac Hamilton and Joseph Stevenson, of Chicago; M. F. Dunlap, W. L. Alexander, F. J. Andrews and M. E. Greenleaf of this city. Interment was in Diamond Grove cemetery.

Among friends here for the funeral services were: Robert A. Ridgeway, Kansas City, Mo.; Ross L. Bunting, Des Moines, Iowa; Isaac Miller Hamilton, Chicago, president of Federal Life Insurance Co.; Joseph Stevenson, Chicago; J. W. Holsinger, Granite City.

Mr. and Mrs. Fred Stevenson, of Wichita, Kansas, accompanied Mrs. Rannels to Jacksonville and returned with her last night.

HAS GONE TO ATTEND FUNERAL

W. B. McIntyre left Wednesday for Holdrege, Neb., to attend the funeral of his nephew, Walter Hall, which will be held Friday.

Mrs. Charles D. Pinckney of Kalamazoo, Mich., is in the city to visit her sister, Mrs. Lottie Greenleaf, and Mrs. E. S. Greenleaf.
